White, Lawrence, Deconstructing the Public-Private Dichotomy in Higher Education, 35:3,48

Zemsky, Robert (with Patricia J. Gumport), Drawing New Maps for a Changing Enterprise, 35:4,30

## Ivy and Industry

Business and the Making of the American University, 1880-1980

CHRISTOPHER NEWFIELD

"*Ivy and Industry* makes a seminal contribution to the mounting debate over the role of marketplace values in higher education. In elegant and nuanced prose, Christopher Newfield argues persuasively that for more than a century the American university has both spoken truth to, and been the handmaiden of, power. Those committed to a revitalized liberal education have found their champion."—David L. Kirp, author of *Shakespeare, Einstein, and the Bottom Line: The Marketing of Higher Education*
